## Janam din/birthday puja

**By Maha Yogi Paramahansa Guru Dr.Rupnathji**

Birthday plays extreme importance in our lives. This pooja is done on the date of birth and janam tithe according to hindu calender. Tithi is an index of Sun-Moon disposition.Tithi is also useful in judging future. This is reflected through the location of the Moon at birth. Other planetary position and operation of dasa-bhukti of planets generally corroborate the findings based on birth tithi. As per the Indian Hindu Calendar, Tithi (also spelled Thithi) is the lunar date. Tithi is one of the most important aspect of the Indian Almanac or the Panchang and therefore many Hindu festivals and ceremonies are based on Tithi Calendar. A lunar calendar is based on the moon's rotation around the Earth. A tithi is the time taken for the longitudinal angle between the moon and the sun to increase by 12°. A lunar month consists of 30 tithis, whose start time and duration vary. It is suggested for everyone to bring prosperity and to overcome all hurdles present in ones day to day life.While giving lavish birthday parties are on the focus, but the traditional way was to begin this day with a janam tethi/nakshtra puja which is unfortunately nowadays one of the most neglected Hindu rituals in todays society.

Normally people celebrate this day by doing pujas by offering Homam, Pushpanjali& Neyvedyam in the temple for the long life & prosperity of the person. This Puja is done on every birthday/janam tithe of a person, till death.

Birth Day/janam tithe yagya/homam is a special yagya perforemed on one's birth day to neutralize the malefic effects of the planets in their main periods(mahadasa) or sub periods(antar dasa) and to attain benefic results from the same planets the scriptures have prescribed nakshtra/rashi poojas and homas. The nakshtra/rashi is worshipped in the prescribed ritualistic manner with mantras and offerings. We get an inner strength and confidence along with desirable results. Sometimes we achieve them instantaneously and in certain cases but not always they are slow. But they are certain to occur. Rashi/Nakshatra shanti pooja is performed every year on the birth nakshtra/rashi to give protection and better results throughout the year. It comprises Ayushya homa (for longevity), Mrityunjaya homa (for good health and to get rid of chronic ailments), Navagraha Dosha/graha shanti pooja, Sapta Chiranjeevi Puja/homa. Chiranjeevi means the person who never dies. Ashwatthama, Bali, Vyasa, Hanumanan, Vibhisana, Parshuramasch and Kripa are called as sapta chiranjeevi. These are performed by sadhaks. Seeing its significance in our lives it

should be conducted atleast once a year in your birth month on the day your janam nakshtra/rashi falls or every month on the day our nakshtra/rashi falls to get the maximum desired benefit.
